GSD

When using two Thule Yepp Maxi, use the Pannier Adapter (sold separately) to secure the strap.

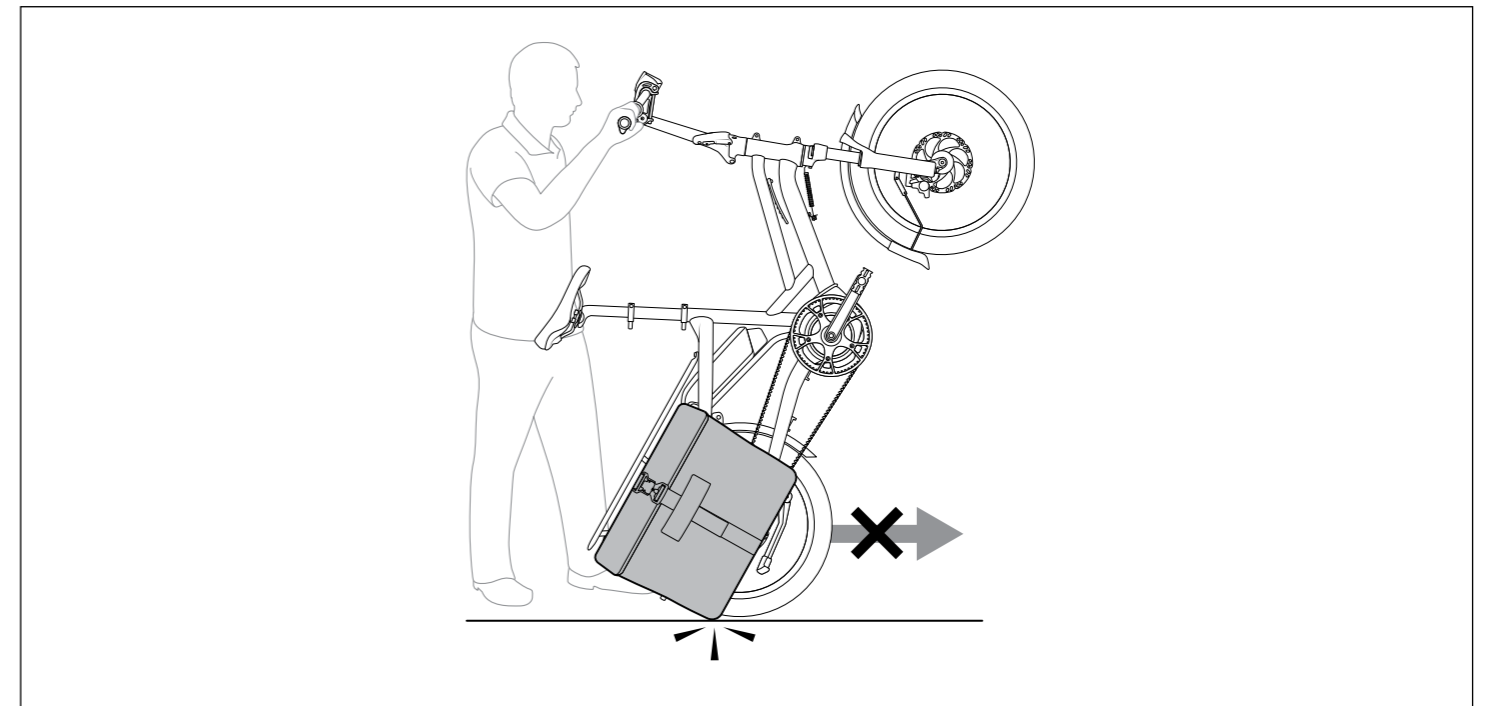

CAUTION

⚠ Always keep front buckle latched when riding. Check by tugging on strap and make sure buckle doesn't come unlatched.

⚠ Do not leave any straps loose or dangling. Secure all straps before riding.

Rolling into Vertical Parking Position

While rolling into the vertical parking position, the Panniers will come into contact with the ground. Please take care when moving the HSD/GSD into the vertical parking position. Scratching and damage may occur to the panniers.
